

# Retrospective Sprint 2

MB - Marco Baldassarri  
MD - Michele Donati  
SB - Stefano Bernagozzi  
NL - Nicola Lasagni

## PROS

Pro Description	Members
Final decision of technologies to be used	MB, MD, SB, NL
Sprint speed boosted due to experience and couple-assigned tasks	MB, MD, SB, NL
Gradle & Travis tools experience	MB, MD, SB, NL
Project structure well defined	MB, MD, SB

## CONS

Con Description	Members
Frequent rediscussion about architecture & technologies	MB, MD, SB, NL
Design diagrams not completed	MB
Planning redefined on the go to adapt to the slower speed	MB, MD, SB, NL
No backlog refinement	NL
Difficult to observe working hours	MB, MD, SB, NL
Too many not completed tasks	MB, MD, SB, NL

## IMPROVEMENTS FOR NEXT SPRINTS

- Provide Spike tasks if we need to take decisions that concerns technologies not yet fully understood.
- New working hours: 9-13, 14-18
