PROS

Pro Description	Members
First release 0.1.0 !	NL
Improved productivity due to experience on the project.	MD
Strong change for a full RabbitMQ-communication has made the design more coherent	NL, MB, MD
The RabbitMQ test project has speeded the vert.x rabbitmq library comprehension	NL, MB

CONS

Con Description	Members
Productivity decreased due to Vert.x and RabbitMQ tech debt	MB
Previous RabbitMQ project documentation was too poor	NL, MB, MD
Not enough detail design for newer software parts implemented	NL, MB, MD

IMPROVEMENTS FOR NEXT SPRINTS

- Add design phases in tasks where necessary, also in task description can be enough
